**RE: Michael & Stephen Canavan Castlelambert Athenry Co. Galway– Apple 220kV
Power Application to An Bord Pleanála**

Dear Mr. Griffin

We Michael and Stephen Canavan note Apple's plans to purchase the Coillte site adjoining our lands for the purpose of developing a data centre campus over the coming years. We also note that following Eirgrid's direction, the power supply for the proposed development should come from the existing 220kV overhead lines which transverses our lands. See attached map with affected lands outlined in red.

We confirm that detailed negotiations between Apple and ourselves in relation to the required works are ongoing at present.

In the interim we confirm that it is acceptable to us for Apple to proceed with the Planning Application to An Bord Pleanála for the proposed connection works on our land.
